SECTION 1: IDENTIFICATION

Product name	Lidocaine HCl 2% with Epinephrine 1:100,000, 1.7 mL
Product identifier / SKU	DEM-HV-LID2-100
Product type	Lidocaine HCl 2% and epinephrine 1:100,000 injection (finished pharmaceutical)
Recommended use	Local anesthetic dental cartridge: lidocaine hydrochloride 2% with epinephrine 1:100,000, 1.7 mL glass cartridge, latex-free plunger, red color band.
Restrictions on use	Professional use only. Use only as directed on product labeling.
Manufacturer	Demo MFG 01, 100 Example Way, Suite 1, Anytown, USA 00000
Emergency telephone	+1-555-0100 (demo number - fictional)

SECTION 2: HAZARD(S) IDENTIFICATION

Classification: Finished pharmaceutical product intended for administration by a licensed practitioner. Not classified as hazardous under OSHA HCS 2012 in its finished, packaged form. Pharmacologically active: accidental injection may cause local anesthesia, cardiovascular and CNS effects. Contains sulfite.

Signal word	None
Hazard statements	None (finished pharmaceutical in sealed cartridges).
Precautionary statements	Avoid accidental self-injection. Keep out of reach of children. Use only as directed by a licensed practitioner.

SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

Component	CAS No.	Weight %
Lidocaine hydrochloride	73-78-9	2.0
Epinephrine bitartrate	51-42-3	~0.002
Sodium metabisulfite	7681-57-4	<0.1
Sodium chloride	7647-14-5	<1
Water for injection	7732-18-5	Balance

Approximate composition of the finished product.

SECTION 4: FIRST-AID MEASURES

Inhalation	Not an expected route of exposure.
Skin	Wash with soap and water. Seek medical attention if irritation persists.
Eyes	Rinse cautiously with water for several minutes. Seek medical attention if irritation persists.
Accidental injection	Seek immediate medical attention. Monitor for dizziness, tachycardia, numbness, or allergic reaction (including sulfite sensitivity).

SECTION 5: FIRE-FIGHTING MEASURES

Use water spray, foam, dry chemical, or CO2. Combustion of packaging may produce carbon oxides, nitrogen oxides, and sulfur oxides.

DEMO DOCUMENT - fictional product and data for software demonstration only. Not a valid SDS for any real product; not for workplace hazard communication.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Collect broken cartridges with care to avoid cuts. Absorb spilled liquid with inert material and place in a container for pharmaceutical waste.

SECTION 7: HANDLING AND STORAGE

Store at 20-25 C (68-77 F), protected from light. Do not freeze. Do not use if solution is discolored or contains particles. Do not autoclave.

SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

No occupational exposure limits established for the finished product. Wear gloves and eye protection when handling broken cartridges.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Liquid (sterile solution in glass cartridge)
Color	Clear, colorless
Odor	Odorless
pH	Approx. 3.3-5.5
Flash point	Not applicable (aqueous)
Solubility in water	Miscible

SECTION 10: STABILITY AND REACTIVITY

Stable under recommended storage conditions. Epinephrine degrades on exposure to light, heat, and oxidizing agents.

SECTION 11: TOXICOLOGICAL INFORMATION

Pharmacologically active local anesthetic. Overdose or intravascular injection may cause CNS effects (dizziness, tremor, seizures) and cardiovascular effects. Sulfite may cause allergic-type reactions in sensitive individuals. Not listed as a carcinogen by IARC, NTP, or OSHA.

SECTION 12: ECOLOGICAL INFORMATION

No data available. Do not release pharmaceuticals into drains or the environment.

SECTION 13: DISPOSAL CONSIDERATIONS

Dispose of as non-hazardous pharmaceutical waste in accordance with local, state, and federal regulations.

SECTION 14: TRANSPORT INFORMATION

Not regulated for transport (DOT, IATA, IMDG).

SECTION 15: REGULATORY INFORMATION

Rx-only drug product. Listed with fictional demo NDC. Subject to DSCSA product tracing requirements.

DEMO DOCUMENT - fictional product and data for software demonstration only. Not a valid SDS for any real product; not for workplace hazard communication.

SECTION 16: OTHER INFORMATION

Revision date: 11/05/2026. Version 1.0 (initial issue). The information in this document is fictional demonstration content. It does not describe any real product and must not be used for hazard communication, transport, or regulatory purposes.
