SECTION 1: IDENTIFICATION

Product name	Dual-Enzyme Instrument Detergent, 1 Gallon
Product identifier / SKU	DEM-PV-EDT1G
Product type	Dual-enzyme instrument detergent concentrate (mixture)
Recommended use	Concentrated dual-enzymatic (protease/amylase) instrument detergent for manual soaking, ultrasonic cleaners and washer-disinfectors.
Restrictions on use	Professional use only. Use only as directed on product labeling.
Manufacturer	Demo MFG 01, 100 Example Way, Suite 1, Anytown, USA 00000
Emergency telephone	+1-555-0100 (demo number - fictional)

SECTION 2: HAZARD(S) IDENTIFICATION

Classification: Classified as hazardous under OSHA HCS 2012 (29 CFR 1910.1200). Respiratory sensitizer Category 1; Eye irritation Category 2A.

Pictograms:

GHS08 GHS07

Signal word	Danger
Hazard statements	H319 Causes serious eye irritation. H334 May cause allergy or asthma symptoms or breathing difficulties if inhaled.
Precautionary statements	P261 Avoid breathing mist/spray. P280 Wear eye protection and protective gloves. P284 In case of inadequate ventilation wear respiratory protection. P305+P351+P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. P342+P311 If experiencing respiratory symptoms: call a POISON CENTER or doctor. P501 Dispose of contents/container in accordance with local regulations.

SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

Component	CAS No.	Weight %
Water	7732-18-5	60-80
Propylene glycol	57-55-6	5-15
Alcohols, C12-15, ethoxylated (nonionic surfactant)	68131-39-5	5-10
Subtilisin (protease)	9014-01-1	<2
Alpha-amylase	9000-90-2	<1
Calcium chloride (enzyme stabilizer)	10043-52-4	<1
Fragrance, colorant	Proprietary	<0.5

Exact percentages are withheld as trade secret where ranges are given.

DEMO DOCUMENT - fictional product and data for software demonstration only. Not a valid SDS for any real product; not for workplace hazard communication.

SECTION 4: FIRST-AID MEASURES

Inhalation	Move to fresh air. If breathing difficulties or allergic symptoms occur, seek medical attention.
Skin	Rinse with plenty of water. Remove contaminated clothing. Seek medical advice if irritation persists.
Eyes	Rinse cautiously with water for at least 15 minutes, lifting eyelids. Seek medical attention if irritation persists.
Ingestion	Rinse mouth. Do not induce vomiting. Drink a glass of water. Seek medical advice if feeling unwell.

SECTION 5: FIRE-FIGHTING MEASURES

Non-flammable aqueous product. Use extinguishing media appropriate to surrounding fire. Combustion may produce carbon oxides.

SECTION 6: ACCIDENTAL RELEASE MEASURES

Wear protective equipment. Contain spill and absorb with inert material (sand, vermiculite). Rinse area with water. Avoid generating mists.

SECTION 7: HANDLING AND STORAGE

Avoid generating mists or aerosols; spray only onto instruments, not into the air. Store tightly closed at 5-35 C (41-95 F). Protect from freezing and direct sunlight. Dilute 1 oz per gallon before use.

SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

Subtilisin (protease): ACGIH TLV-C 0.00006 mg/m3. Use with good general ventilation. Wear safety glasses and nitrile gloves. Respiratory protection only if mists are generated in poorly ventilated areas.

SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

Physical state	Liquid / gel
Color	Teal
Odor	Mild, fresh
pH	6.5-7.5
Flash point	> 93 C (> 200 F), non-flammable
Specific gravity	Approx. 1.02
Solubility in water	Completely soluble

SECTION 10: STABILITY AND REACTIVITY

Stable under recommended storage conditions. Incompatible with strong oxidizers, chlorine bleach, and strong acids/bases (which inactivate enzymes).

SECTION 11: TOXICOLOGICAL INFORMATION

Proteolytic enzymes may cause respiratory sensitization if aerosols are inhaled. May cause eye irritation. Low acute oral and dermal toxicity. Not listed as a carcinogen by IARC, NTP, or OSHA.

DEMO DOCUMENT - fictional product and data for software demonstration only. Not a valid SDS for any real product; not for workplace hazard communication.

SECTION 12: ECOLOGICAL INFORMATION

Readily biodegradable surfactants and enzymes. Not expected to be harmful to aquatic life at use dilutions.

SECTION 13: DISPOSAL CONSIDERATIONS

Dilute product may be discharged to sanitary sewer where permitted. Dispose of containers in accordance with local, state, and federal regulations.

SECTION 14: TRANSPORT INFORMATION

Not regulated for transport (DOT, IATA, IMDG).

SECTION 15: REGULATORY INFORMATION

All components are listed on or exempt from the TSCA inventory. California Prop 65: this product is not known to contain chemicals listed under Prop 65 at reportable levels. Not EPA-registered (contains no disinfectant claims).

SECTION 16: OTHER INFORMATION

Revision date: 11/05/2026. Version 1.0 (initial issue). The information in this document is fictional demonstration content. It does not describe any real product and must not be used for hazard communication, transport, or regulatory purposes.

DEMO DOCUMENT - fictional product and data for software demonstration only. Not a valid SDS for any real product; not for workplace hazard communication.
